Subject: Updated ES 350 Q&A Request.

Hi Ogata-san,

Thank you for your support with NHTSA investigations in the United States. Per Chris Tinto's email today regarding NHTSA upgrading the ES 350 investigation to an EA, TMS has revised the Q&A. Please review and approve the attached Q&A before the close of business in Japan today.

Additionally, please provide an update for Q8 regarding the number of 2007 ES 350 vehicles manufactured for sale in the United States.

Thanks you very much for your strong support with this NHTSA investigation.

Kirk

Q8: How many ES 350 vehicles has Lexus sold that are being investigated?

A8: There were approximately XX,XXX 98,500 model year 2007 ES 350 vehicles manufactured for sale in the United States.
